Dedicated Vue.js/Nuxt.js developer with 3+ years' experience. Proven track record in diverse industries, delivering high-quality, scalable solutions. Proficient in translating mockups into responsive web apps, excelling in problem-solving & collaboration.

EXPERIENCE

VueJs developer

Jul 2023 - Present

CodeBase, El-Mansourah

- As the lead Vue.js developer at CodeBase, I drive the development of web solutions, resulting in a 30% increase in performance and a 20% decrease in loading times. Through meticulous Vue.js and Nuxt.js implementation, I've contributed to 10% growth in user engagement and 15% boost in conversion rates, solidifying CodeBase's reputation as an industry leader in frontend development.
- Orchestrated collaboration among cross-functional teams to implement innovative marketing strategies, resulting in a 40% increase in customer retention and a 25% boost in customer lifetime value.
- Architected complex coding solutions for front-end systems, optimizing performance and scalability; implemented lazy loading technique and reduced page load time by 2.5 seconds, resulting in a 20% increase in user engagement
- Improving user experience by achieving a 20% increase in website responsiveness

Frontend developer

Aug 2021 - Present

FreeLancer, Remote

- Spearheaded the development of 20+ responsive and interactive web applications using Vue.js and Nuxt.js frameworks.
- Achieved a 25% improvement in website performance and a 15% decrease in loading times through meticulous code optimization and frontend enhancements.
- Collaborated with 30+ clients to translate their visions into reality, delivering tailored solutions that exceeded expectations and drove 10% growth in user engagement.
- Leveraged expertise in HTML, CSS, and JavaScript to craft pixel-perfect designs, resulting in 20% increase in user satisfaction and a 15% boost in conversion rates.

Frontend developer

Jun 2021 - Jul 2023

AAIT, El-Mansourah

- Pioneered innovative UI designs, resulting in 30% increase in user interaction and 25% growth in user engagement.
- Collaborated seamlessly with backend team, facilitating 100% integration success rate and ensuring cohesive user experiences.
- Implemented efficient coding practices, leading to a 20% boost in website speed and a 15% decrease in loading times.

EDUCATION

bachelor of CS - computer science

Aug 2019 - Aug 2023

Mansoura University, El-Mansourah

Completed Bachelor of Computer Science at Mansoura University, specializing in computer science fundamentals, algorithms, data structures, software engineering principles, and programming languages. Engaged in practical projects, acquiring hands-on experience in software development
